## The following is a Level-5 Koncert Level Singing

When you sing before a live audience they won't do fake praise as the show could be a sponsored show. Many businesses sponsor shows with playback quality Singers as they get more views.

Paid Audience will get bored if we give a singer's wish To sing as first priority.

To avoid that we keep Level 4 (Professional) and Level-5 (Koncert ) Singers in Most Sponsored Koncerts.

We create small group of 25 local singers, if the singers Are in

Level-1 (Smule/Starmaker who never held real mic)

Level-2 : used microphone and mixer home with youtube Karaoke but sings out of rhythm

Level-3: Serious in music and sings easy songs with rhythm

Put them in a learning group.

Invite to Zoom Koncerts and provide tips to be a Level 4 or level 5 singer

# Remember

For Playback or Konzert level singing, just having a good voice is not Enough - it has to sound like original with emotions - sad or romantic. Understand your pitch limitations, develop capabilities of waving, huski voice and sing naturally as gifted by picking right songs that falls under your vocal range and suits to your voice.

It is also very important to know - what song not to sing.

All these would be part of a multi year learning process. It is possible that You may never be a professional singer and sing in an *AudieNce1st* Konzert. But you will still enjoy live singing and performing in your friend's or neighbour's birthday parties and other local events who love your voices.

Singing is a Journey - it takes years and always better to be part of a music Group instead of singing virtually using Smule or Starmaker app.
